DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 27th, 2008 has been entered. Claim 2, 5, 9 and 23 has been currently amended. Claims 6, 10 and 14-22 are presently active and claims 1, 3-4, 7-8, and 11-13 are have been cancelled.

Claims **2, 5, 6, 9, 10, 14-22 and 23** are allowed over the prior art record.

Allowable Subject Matter

3. Claims **2, 5, 6, 9, 10, 14-22 and 23** are allowed over the prior art of record.

The following is an Examiner's statement of reason for allowance: After further consideration of the prior art of record, it appears that the prior art of records fail to disclose each and every element of the Applicant's invention. Specifically, the prior art of record fails to explicitly disclose wherein 'generating, in the database access control apparatus when sending the address of the proxy process server apparatus to the user apparatus, an access key based on a user ID of the user apparatus, storing the access key and a server ID of the proxy process server apparatus in a storing part of the database access control apparatus associating the access key with the server ID'. Further, the prior art of record fails to teach 'if the access key exists in the storing part, determining whether an ID, associated with the access key, that is the same as the server ID received from the proxy process server apparatus exists in the storing

part' as recited in independent claims 2, 5, 9 and 23. The preceding limitations, when combined with the rest of the claim limitations recited in claims 2, 5, 9 and 23, result in a combination of elements that is both novel and unobvious over the prior art of record.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
